# THANK YOU FOR GOING THE EXTRA MILE

## ANDOVER EMPLOYEE OF THE MONTH

### DELANIE CULLEN

Delanie is always a pleasure to work with throughout the day, but during Manager On Duty shifts she has been more than helpful. She is always on point, collected and eager to help members in any way. She truly knows her stuff. She doesn't hesitate to answer a guest's questions or requests and does so with a smile...even at 9:30PM on a Monday. Outside of her official job at the Y, she is also an active Y participant with volleyball. Her maturity level is impressive and she seems to genuinely like what she does here.

Over the past two years of working with Delanie, she has grown as an employee. She confidently took charge of all desk responsibilities in a professional manner, providing them with guidance and training, dealing with a huge influx of new members who wanted to sign up during our recent promo and managing the day to day events that happen. As a Manager on Duty it made my life so much easier knowing she had things under control all evening and I could focus on building rounds.
