

2017 Adelante Scholarship Reception

Scholars, alumni, and supporters gathered together to celebrate the Lawrence Y's Adelante program, which provides educational support for middle school students and prepares them for the process of applying to a tuition-based high school. Scholars Filbert Ferreira and Shakira Henriquez and Alumnus Enny Bernabel, Esq. were the featured speakers; reminding the crowd that the program gives youth the tools to succeed and to give back to their community. Last year the Merrimack Valley YMCA was able to provide scholarship assistance to nearly 40 young people through the Adelante program. Funds raised at this event help make that assistance possible. Thank you to all who attended! For more information about Adelante, visit our [web site](#). To see more pictures, visit our [Facebook page](#).
