

MERRIMACK VALLEY YMCA

mvyymca.org

Dear Friends,

The YMCA would like to invite you to help us empower communities to become safer, healthier, and stronger. With your help, the YMCA can make that community a reality by keeping kids safe through drowning prevention, making kids healthier through youth and teen programs and strengthening our youth's future through YMCA Afterschool, Summer Camps, and leadership programs.

All of us have had moments in our lives which shaped our sense of who we are. I am proud to say that the Y is filled with staff and volunteers who work hard to help people discover those transformational moments and who truly believe that every person deserves the opportunity to reach their full potential

I encourage you all to be the WHY at the Y. Help us better the future our communities deserve by donating to the Y today. If you would like more information about the YMCA, ask me! I am campaigning for (YOUR BRANCH) YMCA and I would love to share my experience as a YMCA campaigner.

DONATE

Sincerely,

YMCA Team
