- **Make the first donation on your page!** It shows you really believe in what you are doing and sets a mark for how much to donate.
- **Be a self-leader!** Be the people that you are sure will donate first so you can build up some momentum. People like to support a winner.
- **Make the ask personal for you.** Emphasize what this cause means to you personally, how you've been involved in the past and the work that the organization does that speaks to you.
- **Make it personal for your donor!** Don't just make a general post that you are raising money; direct your ask toward specific friends using email, Facebook or Twitter.
